[REDACTED]

Geachte [REDACTED]

Naar aanleiding van uw bezwaarschrift van 28 juli 2022, bericht ik u als volgt.

Verloop van de procedure

Bij bericht van 27 mei 2022 heeft [REDACTED] namens [REDACTED] verzocht om openbaarmaking van documenten in de zin van de Wet open overheid (hierna te noemen: 'Woo').

Uit het eerste deel van dit Woo-verzoek volgt dat verzocht is om informatie die betrekking heeft op de gemiddelde afhandeldingsduur van de verzoeken die de afgelopen vijf jaar bij de Nationale ombudsman zijn ingediend. Verzoeker heeft dat als volgt verwoord:

"...Maar wat die gemiddelde afhandeldingsduur dan wel is, wij weten het niet en hebben er ook tevergeefs naar gezocht in de jaarverslagen van uw organisatie.

Om toch iets over die afhandeldingsduur te kunnen zeggen willen wij graag wat meer weten over de tijd die door de bank genomen met de afhandeling van een verzoek is gemoeid. Het is in dit verband dat ik u, waar nodig met een beroep op de Wet open overheid (Woo), verzoek om mij in kopie te doen toekomen alle bij uw organisatie berustende documenten waarin informatie is neergelegd die betrekking heeft op de afhandeldingsduur van de verzoeken die de afgelopen vijf jaar bij de Nationale ombudsman zijn ingediend."

Uit het tweede deel van het verzoek volgt dat is verzocht om, al dan niet in evaluerende zin, richtlijnen en streefgetallen voor de duur van die afhandeling en de daarbij te zetten tussenstappen.

Bij besluit van 24 juni 2022 is besloten op het verzoek, waarbij vier documenten volledig openbaar zijn gemaakt. Tegen dit besluit (hierna te noemen: 'het bestreden besluit') heeft u bij bericht van 28 juli 2022 namens [REDACTED] bezwaar gemaakt.

Op 13 oktober 2022 heeft u uw bezwaar mondeling toegelicht. Het verslag van deze toelichting treft u bij hierbij aan.

Ontvankelijkheid

In het verslag van de hoorzitting in een andere procedure met kenmerk [REDACTED], stelt verzoeker dat [REDACTED] ongeveer twintig jaar geleden een informele vereniging is geworden. Verzoeker stelt dat hij persoonlijk gezien wordt als ondertekenaar van de bij de Nationale ombudsman in behandeling zijnde Woo-verzoeken. De Nationale ombudsman beschouwt [REDACTED] in deze procedure om die

reden als Woo-verzoeker en als bezwaarde. Dat komt overeen met het bestreden besluit dat aan [REDACTED] in persoon, is gericht.

Wettelijk kader

Het verzoek van [REDACTED] is beoordeeld aan de hand van de Woo. Uitgangspunt van de Woo is dat een ieder recht heeft op toegang tot publieke informatie en dat alle overheidsinformatie in beginsel openbaar is. Openbaarmaking van de gevraagde informatie kan achterwege blijven wanneer zich een of meer van de in hoofdstuk 5 van de Woo genoemde uitzonderingsgronden of beperkingen voordoen. Openbaarmaking kan eveneens achterwege blijven, indien sprake is van de omstandigheden zoals gesteld in de artikelen 9:36, vijfde lid of 9:36a van de Awb.

Bezwaargronden

In het bezwaarschrift van 28 juli 2022 is opgenomen dat in twee verstrekte documenten gemiddelde doorlooptijden zijn weergegeven. U stelt dat hier meer informatie over aanwezig zal zijn. De gemiddelde doorlooptijden zijn immers berekend met behulp de afhandelingsduur van individuele verzoeken.

U stelt dat deze informatie onder de definitie valt van het begrip document zoals is opgenomen in artikel 2.1 van de Woo.

Uit het voorgaande volgt dat het bestreden besluit niet in stand zal kunnen blijven.

Op de hoorzitting op 13 oktober 2022 is deze bezwaargrond nader toegelicht en de reikwijdte van het Woo-verzoek als volgt beperkt: zowel u als Woo-verzoeker hebben ingestemd met ons voorstel om de afgehandelde zaken (met begin en einddatum) inclusief de afdoeningswijze weer te geven voor het jaar 2020.

Beoordeling van het bezwaar

Hieronder volgt een reactie op uw ingediende bezwaar:

In bezwaar wordt terecht gesteld dat deze gemiddelden eerst berekend dienen te worden. De gemiddelden volgen immers uit een berekening van individuele zaken met in elke afzonderlijke zaak een begin en eindtijd.

Tijdens de hoorzitting heeft de behandelaar van het bezwaarschrift toegelicht dat iedere zaak in het systeem een begin- en een einddatum heeft. De begindatum wordt ingevoerd op het moment dat een verzoek wordt ontvangen en de einddatum bij afronding van het dossier door de klachtbehandelaar. Er komt geen afzonderlijke berekening in een Excel-bestand aan te pas.

Afzonderlijk berekening gemiddelde afhandelingsduur

Bij de behandeling van het voorliggende Woo-verzoek is de formulering van het Woo-verzoek leidend. In het Woo-verzoek wordt benadrukt dat het gaat

om documenten met betrekking tot de gemiddelde afhandelingsduur van verzoeken die gericht zijn aan de Nationale ombudsman.

Pagina 3

Wij hebben gelezen dat verzocht is om inzicht in de gemiddelde afhandelingsduur en niet dat verzoeker daarnaast verzoekt om informatie van de verzoeken die tot het gemiddelde hebben geleid. Deze uitleg past ook bij de context van het Woo-verzoek.

Ons nummer

Documenten die zien op gegevens die hebben geleid tot de gemiddelde afhandelingsduur van verzoeken vallen om die reden niet onder de reikwijdte van het Woo-verzoek.

Wij zijn van oordeel dat het verzoek niet te beperkt of onjuist is opgevat. Het verzoek is tevens niet zodanig opgesteld dat het onduidelijk was en hierover opheldering had moeten worden gevraagd bij de Woo-verzoeker op grond van artikel 4, vijfde lid van de Woo.

Hoewel in deze beslissing op bezwaar het bestreden besluit wordt heroverwogen, betekent dit niet dat in bezwaar het verzoek verruimd kan worden.¹

Vervaardigen van documenten

Gedurende de hoorzitting verduidelijkte verzoeker dat zijn verzoek ziet op die delen van de database die de startdatum en de einddatum per verzoek voor het jaar 2020 aangeven. Het verzoek ziet volgens u niet op de gehele database van behandelde verzoeken. De kolommen met startdatum en de einddatum zouden volgens verzoeker geëxporteerd en vervolgens openbaar gemaakt moeten worden.

De Woo verplicht niet tot het vervaardigen van documenten noch tot het bewerken van gegevens tot overzichten die niet in bestaande documenten zijn neergelegd, ongeacht de mate van inspanning. Verwezen wordt naar vaste jurisprudentie, zoals bijvoorbeeld de uitspraak van de Afdeling bestuursrechtspraak van de Raad van State van 5 februari 2020, ECLI:NL:RVS:2020:381.

Om die reden ben ik niet gehouden het gevraagde overzicht op te stellen. Ook om deze reden kan de bezwaargrond niet slagen.

Overzicht startdatum en de einddatum per verzoek uit 2020

Om u behulpzaam te zijn, is gedurende de hoorzitting op het verzoek van verzoeker toegezegd dat hem een overzicht verstrekt wordt van behandelde en afgeronde verzoeken uit 2020 waarbij een start datum en einddatum is gegeven. In het overzicht is opgenomen op welke afdoeningswijzen de Nationale ombudsman een zaak heeft afgedaan.

Het betreft een overzicht met totaal 25.655 verzoeken. De wijze waarop een zaak is afgedaan verwijst naar een getal. De bijbehorende verklaring is in een andere procedure reeds aan u verstrekt.

¹ Afdeling bestuursrechtspraak van de Raad van State van 31 mei 2017, ECLI:NL:RVS:2017:1428

Het feit dat het aan u toegezegde overzicht aan u wordt verstrekt, maakt niet dat uw bezwaargrond slaagt. Het overzicht is zonder dat ik daartoe ben gehouden aan u verstrekt.

Beslissing

Gezien het voorgaande bestaat er geen aanleiding het bestreden besluit te herroepen en kan het met bovenstaande aanvullende motivering in stand blijven.

Bij het bezwaarschrift is tevens verzocht tot vergoeding van de kosten, zoals bedoeld in artikel 7:15, tweede lid van de Awb. Nu het bezwaarschrift niet leidt tot herroeping van het besluit wegens een aan de Nationale ombudsman te wijten onrechtmatigheid, bestaat er geen aanleiding tot vergoeding van de kosten.

Met vriendelijke groet,
de Nationale ombudsman,

Reinier van Zutphen
